

## **Resolution on EA's membership in Global Accreditation Cooperation Incorporated**

### ***EA Resolution 2025 (58) 01***

The General Assembly approves that EA shall apply for membership in Global Accreditation Cooperation Incorporated.

Note: 'Acronym' shall be requested to

- revise the Constitution and to delete "engage in trade" in paragraph 5.2.1 and
- revise the Constitution and General Rules and bylaws so as not to require any member of ACRONYM or of a Regional cooperation body to implement documents or requirements that contravene with the national or regional law, as long as the member still fulfils with any mandatory document or requirement related to the implementation of ISO IEC 17011 and any level 3, 4 or 5 standard.

In case that 'Acronym' will not follow this request, the EA General Assembly will reconsider its membership.
